OBJECTIVE

Dynamic software engineering student with strong data analytics skills and hands-on project experience, seeking an internship in Data and Analytics. Eager to apply academic knowledge in analytics, problem-solving, and reporting while contributing to innovative data-driven solutions in a fast-paced environment.

EDUCATION

B.E, Bangalore Institute of Technology   Expected 2025
Information Science, CGPA-8.58

Pre-University, Jain College   2019 - 2021
PCMC, Aggregate - 86%

SKILLS

Technical Skills	Python, C, Java, HTML, CSS, JavaScript, SQL.
Core Competencies & Frameworks	Django, Flask, Object Oriented Programming, DSA, OS.
	Analytics, Decision Science, Innovative Solutions
Soft Skills	Communication, Teamwork, Problem-Solving, Adaptability.

PROJECTS

AATC Portal. — **Django, SQlite, BootStrap** Designed a **Django-powered** academic portal for over 10,000 students, optimizing **data** management and **resource** allocation. Enhanced scalability using efficient **algorithms** and **data structures**. [(GitHub)](#)

AgriCredit. Developed a **data-driven** platform using **predictive analytics** with Python and Scikit-learn, providing **data-backed** crop recommendations and rainfall forecasts to reduce risks for farmers. [(GitHub)](#)

Review System. Built an **NLP-based** machine learning model to classify restaurant reviews. Created a real-time **analytics dashboard** using Python and deployed with Streamlit. [(GitHub)](#)

EXPERIENCE

Full Stack Web Developer Intern   Sep 2023 - Nov 2023
Prinston Smart Engineers   *Bangalore, India*

- Designed and maintained the **Book Delivery System** using PHP, JavaScript, MySQL, and CSS, improving user access and data processing.
- Engineered data-driven web solutions, enhancing functionality, and optimizing the user interface.
- Contributed to dynamic report generation features and improved overall website performance.

ACHIEVEMENTS

1. [TVS EPIC Season 6 Hackathon Finalist [115,000 participants]](#)
2. [1st Place - CRASH CODE Coding Competition at BIT [Inter College]](#)

CERTIFICATION AND TRAINING

1. [1st Place - CRASH CODE Coding Competition at BIT](#) , 2. [Python Complete DSA in Udemy](#) , 3. [Full Stack Web Development Internship at Prinston](#) , 4. [Python and Django Framework in SpringBoard.](#)
